

# STUDENT AMBASSADOR PROGRAM

Aug 2024-May 2025

**Blue Ridge Partnership  
for Health Science Careers**

[virginiahealthcareers.com](http://virginiahealthcareers.com)

## GOAL

Student Ambassadors will work with the Blue Ridge Partnership for Health Science Careers (BRPHSC) to promote and serve as outreach partners to fulfill the mission of the BRPHSC in the GO Virginia Region 2.

This is to be achieved by:

- Involving students in workforce development, training, and outreach (we want the next generation engaged in this process as it is about them and their peers),
- Working to retain local healthcare workers by connecting students, educators, and employers,
- Empowering students to be leaders in voicing their health care career journeys, and
- Elevating the student perspective in building a coalition model approach to improving local workforce development, training, outreach, and public health.

## STUDENT EXPECTATIONS

- Serve from August 2024 -May 2025
- Attend Ambassador Training in September 2024
- Attend and participate at the BRPHSC Summit
- Attend Quarterly BRPHSC meetings when invited
- Create or develop outreach opportunity in their region, including events at area schools
- Available for media interviews

### Application process & eligibility:

- **Rising senior in high school through adult learner currently in a health science training program**
- **Can commit to the above expectations**
- **Identify a community mentor to help with development and/or participation in regional outreach.**
- **Applications Open April 1- May 1, 2024**

**Apply Now!**
